## EDUCATION

**New York University**                                                                    New York, NY
B.A. Computer Science                                                                  Expected May 2020
- Overall GPA: 3.6
- Honors: Recipient of Liberal Studies Scholarship, Spring 2016 Dean's List

## PERSONAL PROJECTS

**University Course Registration**
- Designed a Java program that allows the user to view university courses, register students, and build a curriculum schedule.
- Utilized object oriented programming, serialization, file reading/writing

**Model Phonebook Application**
- Designed a Java program that allows the user to create, delete, and edit phonebook contacts.
- Utilized object oriented programming, serialization, file reading/writing

**Break-Out Game**
- HTML/Javascript gaming program that allows the user to control a paddle with a ball to hit the character target ("cat")
- Adjusted movements for the ball and the paddle; inserted a point/miss system
- Utilized p5 library for color, shapes, and basic user input.

**Cappuccino's Website** [*in progress*]
- Designed a cafe website that includes basic information about the establishment, menu, location, and contact information.

## EXPERIENCE

**Courant Institute of Mathematical Sciences - New York University**      New York, NY
